

A high-contrast, black and white photograph of a person in tactical gear, including a helmet and a large backpack, crawling through a narrow, rocky opening in a cave. The person is seen from behind, pushing forward towards a bright light at the end of the tunnel. The rock walls are textured and uneven.

MACHETES

NEW COMPACT CLEARPATH MACHETE™

For back-country travel when every bit of weight is accounted for, the Compact Clearpath Machete is the tough, packable tool to bring along for the ride. The thoughtful design partners a corrosion-resistant, dual function stainless steel blade with the confidence of the tactile Gator Grip® handle. The two-sided blade has both a fine edge for hacking brush and vines and a crosscut saw edge for cutting branches, limbs, and small trees. When you head into the brush, never be without the Compact Clearpath Machete.
